

# ERGOMOVER LIFT & GO

The ErgoMover **Lift & Go** is a battery powered electric transport trolley with a hydraulically lifted flatbed.

The was developed to replace manual plasterboard carriers, eliminating the manual lifting and transporting of building materials.

**1500kg** max lifting capacity

**360° Rotating Platform**  
Option available

Technical Specifications	
Lifting capacity	<b>1500kg</b>
Length without handle	<b>1618mm</b>
Transport loads up-to (in length)	<b>3000mm</b>
Minimum load bed width	<b>698mm</b>
Max load bed width	<b>790mm</b>
Height	<b>565mm</b>
Weight	<b>311kg</b>
Voltage	<b>24v</b>
Max. driving speed	<b>0-6 km/h</b>
On board battery charger	<b>110v</b>
Tyres	<b>Foam filled puncture proof</b>

## LARGE CAPACITY

The trolley has a powerful electric motor and 4-wheel steering is suitable for being operated off-road and on construction sites.

The ErgoMover Lift & Go can to lift the flat bed by 150mm which makes it ideal, for example, for placing plasterboards on trestles. It can transport and lift an impressive 1500kg.

Available with the Wireless Remote Control

## Options

- ErgoMover Lift & Go - with rotatable platform. The ErgoMover Lift & Go is available with 360° rotatable platform for continuous rotation of the load.
- ErgoMover Lift & Go Flex - Optional pull out extension bars allow you to support longer loads. Extension bars gives lengths of 1777mm, 2270mm or 2470mm

The ErgoMover Lift and Go can lift the platform 150mm, ideal for placing plasterboards on to trestles
