Winlet 610 TL

WINLET 610TL

Precise, powerful lifting for glazing and materials.

The **Winlet 610** combines up to 610kg of lifting capacity with extra wide wheels for a stable footing on demanding sites. Hydraulic side shift and rotation allow accurate positioning without moving the machine, so installation is faster and safer.

610kg max lifting capacity

HIRD TRAINING Vacuum robots course LEEA

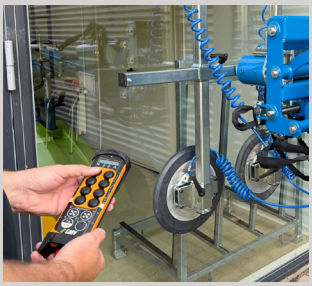

Technical Specifications	
Max Lifting Capacity	610kg
Lift Height	3465mm
Max Extension from front bumper to suction cup	1450mm
Extension Capacity – at max extension	250kg
Side Lift Capacity	300kg
Tilt Function	141°
Rotation	180°
Linear	100mm
Suction Cups (Glass)	4 @ 410mm
Total Machine Weight	1080kg
Light Weight - excluding counterweights	880kg
Battery	2x 95 AH
Remote Control	Wireless

Accessories

- Wireless Radio Remote
- Quick Connector Set for Suction Cups
- Drive Alarm
- LED Flashing Beacon
- Protective Cup Covers
- Remote Control Cover
- Drive Handle Cover
- All Weather Protection Kit
- Stone Suction Cups
